

Used B Series Mini Internal Combustion Loader | 1 Ton Small Front End Loader

Specifications :

Price	Contact us
Place of Origin	China
Min.Order Quantity	1
Payment Terms	OEM?ODM?OBM
Supply Ability	1000
Delivery Detail	one month

Detail Introduction :

Model	Rated Load	Rated Bucket Capacity	Operating Weight	Dump Height	Min. Turning Radius	Power	Dimensions (L×W×H)
B30	1100 kg	0.4 m ³	2500 kg	3000 mm	3180 mm	36.8 kW	4970 × 1655 × 2280 mm
B28	900 kg	0.3 m ³	2240 kg	2400 mm	2660 mm	36.8 kW	4460 × 1550 × 1575 mm

Engineered for agility and ease of operation, our pre-owned B Series Mini Internal Combustion Loaders feature lightweight yet reinforced frames, low fuel consumption diesel engines (36.8 kW), and precise hydraulic controls. With rated load capacities of 900 kg to 1100 kg, bucket capacities of 0.3 m³ to 0.4 m³, and small turning radii (2660 mm to 3180 mm), these loaders excel in narrow workspaces where larger machines cannot operate. Each unit undergoes a multi-point technical inspection to ensure high reliability and immediate work readiness.

Product Highlights

Ultra-Compact & Flexible: Compact dimensions and a small turning radius (from 2660 mm) allow smooth operation in tight spaces, narrow alleys, and small farm yards.

Reliable Power & Low Consumption: Driven by a steady 36.8 kW engine that balances efficient output with low operational costs.

Easy Maintenance & Operation: Simple mechanical design and intuitive cabin controls make daily operation and routine maintenance quick and easy.

Impressive Lifting Height: Achieves dump heights from 2400 mm up to 3000 mm, enabling efficient loading into small trucks, trailers, and hoppers.

High Cost-Effectiveness: Provides excellent ROI for small businesses, contractors, and farm owners seeking reliable mini loading equipment.

Product Applications

Small-Scale Farming & Agriculture: Moving grain, feed, fertilizer bags, cleaning livestock pens, and handling silage.

Landscaping & Gardening: Transporting topsoil, mulch, rocks, decorative stones, and site preparation.

Property & Facility Maintenance: Snow removal, driveway clearing, and general waste cleanup around commercial properties.

Light Utility Construction: Small trench backfilling, pipe laying, and brick or material transport on residential building sites.

Why Choose Us

Rigorous Quality Check: Engine, hydraulics, transmission, and structural integrity are thoroughly tested before shipment.

Direct Factory Pricing: Transparent pricing with no middleman markups guarantees the best value for your investment.

Attachment Support: Compatible with various optional attachments (pallet forks, sweepers, grass grapples) for multi-purpose use.

Global Shipping Experience: Full support for container packing, fast customs handling, and flexible trade terms (FOB, CIF, DDP).

Reliable Parts Availability: Long-term technical support and quick supply of replacement parts to keep your fleet operational.
