

Used DY Series Internal Combustion Loader | 1.5 Ton Loader with Quick Hitch

Specifications :

Price	Contact us
Place of Origin	China
Min.Order Quantity	1
Payment Terms	OEM?ODM?OBM
Supply Ability	1000
Delivery Detail	one month

Detail Introduction :

Model	Rated Load	Rated Bucket Capacity	Dump Height	Power Range
DY26 / DY26P	1380 kg	0.65 m ³	3000 / 3200 mm	36 ~ 76 kW

Built for versatile material handling and heavy-duty tasks, our pre-owned DY Series Internal Combustion Loaders feature robust articulated chassis, high-torque diesel engines (36 kW to 76 kW), and reliable hydraulic systems. With a rated load capacity of 1380 kg and a bucket capacity of 0.65 m³, this machine offers the perfect blend of compactness and heavy lifting force. Each used loader undergoes a strict multi-point technical inspection to ensure that the engine, hydraulic pumps, quick hitch coupling, and structural frames are fully optimized and ready for immediate job-site operation.

Product Highlights

Quick Hitch System: Allows fast and effortless switching between buckets, pallet forks, grass grapples, and sweepers without leaving the cab.

Balanced Lifting Capability: Features a 1380 kg rated load combined with a 0.65 m³ bucket, ideal for diverse material handling tasks.

Extended Dump Clearance: Provides dump heights ranging from 3000 mm to 3200 mm, enabling easy loading into trucks and containers.

Versatile Power Options: Equipped with dependable diesel engines generating 36–76 kW for strong breakout force and efficient fuel usage.

Cost-Effective Efficiency: Premium quick-change utility performance at a fraction of the cost of new equipment, maximizing operational ROI.

Product Applications

Construction & Site Preparation: Efficient moving of sand, gravel, bricks, and backfilling utility trenches.

Agriculture & Farming: Quick swapping between grain handling buckets and bale forks for silage, manure, and feed transport.

Landscaping & Forestry: Transporting topsoil, mulch, timber, and heavy paving materials across varied terrains.

Municipal & Maintenance: Road cleanup, snow clearing, and general property upkeep using specialized quick-attach tools.

Why Choose Us

Rigorous Quality Control: Every pre-owned loader undergoes comprehensive testing of the hydraulic pressure, engine output, transmission, and quick hitch mechanism before dispatch.

Direct Factory Supply: Transparent and competitive pricing without middleman markups guarantees the highest value for your budget.

Attachment Support: Custom attachment options available upon request to meet specific operational needs.

Global Shipping Solutions: Experienced logistics team managing container packing and fast delivery under flexible trade terms (FOB, CIF, DDP).

Reliable Technical & Spare Parts Support: Full availability of original spare parts and ongoing technical guidance to keep your machine performing smoothly.
