

Used Q Series Compact Internal Combustion Loader - 1.8 Ton Front Loader

Specifications :

Price	Contact us
Place of Origin	China
Min.Order Quantity	1
Payment Terms	OEM?ODM?OBM
Supply Ability	1000
Delivery Detail	one month

Detail Introduction :

Model	Rated Load	Rated Bucket Capacity	Dump Height	Power Range
Q38	1750 kg	0.65 ~ 1.0 m ³	3600 mm	36 ~ 76 kW
Q36	1600 kg	0.65 ~ 1.0 m ³	3300 mm	36 ~ 76 kW

Designed for maneuverability and efficient power output, our pre-owned Q Series Compact Internal Combustion Loaders feature heavy-duty articulated frames, responsive hydraulic controls, and robust engines producing 36 kW to 76 kW. With rated load capacities ranging from 1600 kg to 1750 kg and bucket options from 0.65 m³ to 1 m³, this series easily handles dirt, aggregate, grain, and general debris. Each machine undergoes a comprehensive multi-point inspection and performance evaluation to ensure immediate deployment upon delivery.

Product Highlights

Compact & Maneuverable Design: Small footprint enables seamless navigation through narrow pathways, tight yards, and indoor job sites.

Reliable Engine Performance: Powered by dependable diesel engines delivering 36–76 kW for strong breakout force and quick cycles.

Versatile Bucket Capacity: Supports 0.65 to 1.0 m³ bucket capacities to accommodate various material densities efficiently.

Exceptional Dump Clearance: Reaches dump heights up to 3600 mm for easy loading into standard dump trucks and hoppers.

Operator Comfort & Control: Ergonomic cabin layout with high visibility and smooth hydraulic controls reduces operator fatigue.

Product Applications

Urban & Road Construction: Trench backfilling, utility pipe laying, and asphalt/gravel handling in confined spaces.

Agriculture & Farming: Silage movement, barn cleaning, manure removal, and fertilizer bucket loading.

Landscaping & Site Prep: Moving topsoil, mulch, rocks, and paving materials across residential and commercial sites.

Warehouse & Logistics Yards: Bulk material handling and loading operations in indoor or outdoor storage areas.

Why Choose Us

Strict Quality Assurance: Every used unit undergoes rigorous testing of the engine, hydraulic pumps, transmission, and structural welds.

Direct Factory Value: Transparent and competitive pricing without middleman markups, ensuring maximum ROI.

Quick Attachment Options: Compatible with quick-hitch adapters for fast switching between buckets, pallet forks, and sweepers.

Global Shipping Solutions: Professional international logistics supporting container loading and major trade terms (FOB, CIF, DDP).

Dedicated After-Sales Support: Full availability of replacement parts and ongoing technical support for your fleet.
