

Used ZL Series Internal Combustion Loader| 3 Ton Heavy-Duty Front-End Loader

Specifications :

Price	Contact us
Place of Origin	China
Min.Order Quantity	1
Payment Terms	OEM?ODM?OBM
Supply Ability	1000
Delivery Detail	one month

Detail Introduction :

Model	Rated Load	Rated Bucket Capacity	Dump Height	Engine Power Range
ZL9500	2500 ~ 3000 kg	1.5 ~ 2.1 m ³	3600 ~ 4500 mm	92 ~ 103 kW
ZL949	1800 ~ 2400 kg	1.2 ~ 2.1 m ³	3600 ~ 4500 mm	85 ~ 105 kW
ZL948F	2000 kg	1.0 ~ 2.6 m ³	3500 mm	70 ~ 85 kW
ZL948E	1800 kg	0.8 ~ 1.4 m ³	3500 mm	70 ~ 81 kW
ZL936ZP	1650 ~ 1700 kg	1.8 m ³	3900 ~ 4800 mm	70 ~ 81 kW
ZL936Z	1600 kg	0.65 ~ 0.75 m ³	3200 mm	36 ~ 76 kW

Built for endurance and high load efficiency, our pre-owned ZL Series Internal Combustion Loaders feature heavy-duty reinforced steel frames, high-torque diesel engines (36 kW to 103 kW), and optimized hydraulic systems. With bucket capacities ranging from 0.65 m³ to 2.6 m³ and rated load capacities up to 3,000 kg, this series accommodates diverse material handling operations—from light farm loading to heavy construction aggregate movement. Every used unit undergoes a thorough multi-point inspection, technical servicing, and operational load check to ensure it arrives job-site ready.

Product Highlights & Key Features

High Efficiency & Strong Output: Equipped with reliable high-torque engines generating up to 103 kW to ensure high breakout force and rapid working cycle times.

Flexible Bucket & Loading Configurations: Offers broad bucket capacity choices (0.65–2.6 m³) tailored for handling sand, gravel, grain, or heavy stone.

Extended Dump Clearance: Extended dumping height up to 4,500 mm allows effortless unloading into high-sided transport trucks and storage hoppers.

Cost-Effective Fleet Expansion: Delivers premium heavy machinery performance at a fraction of the price of new equipment, significantly accelerating your investment ROI.

Ergonomic & Safe Operation: Comfortable operator cabin design featuring panoramic visibility, intuitive joysticks, and responsive articulated steering.

Application Scenarios

The Used ZL Series Internal Combustion Loader is an ideal multi-purpose workhorse for:

Construction & Earthmoving: Digging, leveling, site clearing, and moving sand, gravel, crushed stone, and debris.

Agriculture & Farming: Grain transfer, silage handling, livestock waste clearance, and feed hopper loading.

Mining & Aggregates: Loading trucks and stockpiling materials in small to medium quarries and processing yards.

Municipal & Landscaping: Road maintenance, snow clearing, site preparation, and municipal material transport.

Why Choose Us

Rigorous Quality Inspection: All pre-owned loaders undergo comprehensive multi-point audits—including engine compression tests, hydraulic system pressure reviews, transmission checks, and structural frame evaluations—prior to shipment.

Competitive Direct Pricing: Direct supply without intermediary markups, delivering maximum value for your purchasing budget.

Customization & Attachments: Optional quick-hitch systems and specialized attachments (pallet forks, timber grapples, high-capacity grain hoppers) available upon request.

Worldwide Express Logistics: Experienced international shipping team supporting FOB, CIF, and DDP delivery terms with fast, secure container loading.

Reliable Global After-Sales Support: Full inventory of genuine spare parts and technical support to keep your job-site operations running smoothly.
